

# SELBY ABBEY SPRING ACTIVITIES

Dear all,

We hope you have enjoyed your Easter weekend. This week would have been the second week of the Easter holidays. For that reason, this week we have put together a spring activity sheet for you including crafts and experiments. Most of these activities should be able to be done with bits and bobs from around your home. If you would like to share any examples please email us at [selbyabbeycyp@gmail.com](mailto:selbyabbeycyp@gmail.com). Enjoy!

2

## WATER BLOOMING PAPER FLOWER

This is a great art activity combined with an exciting experiment! You'll need:

- Paper
- Felt tips
- Scissor
- Plate (or any container)
- Water

<https://www.ronyestech.com/experiment/water-blooming-paper-flower>

1

## SPRING BEE FINGER PUPPET

Create a bee finger puppet using as little as card, glue and pens! The activity plan adds googly eyes, string and a hole punch to cut out the finger holes but this can be easily substituted with pens and scissors!

The activity can be found here:

<https://iheartcraftythings.com/bee-finger-puppets-craft.html>

Take it further and create some other spring animals and put on a show!

3

## SPRING COLOURING SHEETS

These sheets can be downloaded and printed off or downloaded and opened using the paint programme and coloured virtually. They can be accessed here:

<https://www.primarygames.com/seasons/spring/coloringpages/SpringColoringBookVolume07.php>

4

## SPRING BAKING: NEST BUNS

Create these fun and tasty nest buns with the kids! While the recipe uses shredded wheat you can substitute this for any cereal. This could include cornflakes, rice crispies or anything you have in the cupboard!

Access the recipe here: <https://www.bbcgoodfood.com/recipes/shredded-wheat-nests>

Step it up for cheesecake nest buns here: <https://www.janespatisserie.com/2017/04/06/easter-nest-cheesecakes/>
